Award Description	The 5% of ARRA funds for NRT has been used to assist more Delawareans with cessation goals. The web coach, an additional cessation tool, has been added for current registrants. Five hundred and twenty eight additional interventions were completed and six hundred and thirty eight additional registrations were completed. The new physician fax line for referrals has been completed and added. The provider packet for Healthcare providers to encourage fax referrals is 75% complete. The mailing list for this has been purchased. Delaware plans to use the ARRA funds to continue promoting cessation to target populations (including young adults, African Americans and Hispanics). We will also use the funds to revise

packets which were in the process of being revised when we learned that Free and Clear would take over the Quitline services that are currently provided to us by the American Cancer Society. The packets contained information encouraging physicians to use the five A's (Public Health Services Clinical Guidelines), the new fax referral system that we were going to implement and the basics of how the ACS Quitline worked. New Delaware will implement a physician fax referral program to the Quitline which Delaware has not previously implemented. As in previous years if funding is available, for a limited time, we will offer free NRT and prescription medications to all participating in the program regardless of income. The additional five percent of ARRA funds for NRT will help us make the "free period" a little longer. Five percent of the ARRA funds will be used for NRT.

component III media and other budget lines to the component III cessation budget to assist more Delawareans with cessation. All component III funds will be expended by the end of the grant period.

Social marketing campaigns will be enhanced to encourage more Delawareans who use tobacco to quit smoking. The campaigns will target all Delawareans with a special emphasis on disparate and vulnerable populations. The social marketing campaigns about the Delaware Quitline and services will also be enhanced. The state Quitline services will also be expanded to allow physicians to refer their patient who smoke to the Delaware Quitline. The state will measure Delawareans desire to quit, attempts to quit, as well as change in the levels of use of the Delaware Quitline from previous years.
